

SPECIMEN LABEL

If contact is made with spray solution containing pesticide(s), follow the "Statement of Practical Treatment/ First Aid" the pesticide(s) label.

GENERAL INFORMATION

HELENA® 19-1-6 is intended for use in foliar applications. Foliar fertilization is intended as a supplement to a regular fertilization program and will not, by itself, provide all the nutrients normally required by crops or other intended plants. HELENA® 19-1-6 may be applied to turf using conventional spray equipment. Utilize soil and/or tissue tests to determine the proper rate and frequency of application.

GENERAL RECOMMENDATIONS

Cool Season Turf: Apply 3 – 4 oz. per 1,000 sq. ft. every 7 – 14 days as needed to maintain turf vigor. Use the higher rate for fairway application. Apply with 1 to 3 gallons of water per 1.000 sq. ft.

Warm Season Turf: Apply 4 – 8 oz. per 1,000 sq. ft. every 7 – 14 days or as needed to maintain turf vigor. Use the higher rate for fairway application. Apply with 1 to 3 gallons of water per 1.000 sq. ft.

STORAGE AND BLENDING INSTRUCTIONS

Fill mix tank ½ full of water and start agitation. Properly measure and add HELENA® 19-1-6 to the tank and finish filling with water and/or other water soluble material. Store in original container.

TANK MIXING

HELENA® 19-1-6 may be tank mixed with CoRoN® turf fertilizers for longer lasting residual N. However, concentrated blends with CoRoN® need to be jar tested.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and should be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
