Maxforce®

Fire Ant Bait

FOR PEST CONTROL OPERATORS AND COMMERCIAL USE ONLY

ACTIVE INGREDIENT:
Propoxur: 1-2,4,6-trichloro-4-(trifluoromethyl) phenyl) -4-(1,3,5-triazine-2,4,6-triyl)tris(1H-tetrazol-5-yl) -1-H-guanazole-3-carbonitrile

INERT INGREDIENTS: ........................................................................................................ 99.9995%

TOTAL: .................................................................................................................. 100.0%

EPA Reg. No. 432-1433

KEEP OUT OF REACH OF CHILDREN

CAUTION

Si usted no entiende la etiqueta, busque a alguien para que en lo explique a usted en detalle. (si no entendió

este label, find someone to explain it to you).

For MEDICAL And TRANSPORTATION Emergencies ONLY Call 24 Hours A Day 1-800-228-5635

FIRST AID

IF SWALLOWED:  Call a poison control center or physician immediately for treatment advice. Have a person

spit a glass of water if able to swallow.

Do not induce vomiting unless told to do so by the poison control center or doctor. 

Do not give anything by mouth to an unconscious person.

IF ON SKIN or CLOTHING:  Rinse off contaminated clothing.

Rinse skin immediately with plenty of water for 15-20 minutes.

Call a poison control center for treatment advice.

IF IN EYES:  Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after this first 5 minutes then continue rinsing eye.

Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for

transportation. You may also contact 1-800-354-2467 for emergency medical treatment information.

NOTE TO PHYSICIAN:  There is no specific antidote. All treatment should be based on observed signs

and symptoms of distress in the patient.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Material was absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash

thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove

and wash contaminated clothing before reuse.

SYMPTOMS OF POISONING: In severe cases of overexposure by oral ingestion, lethargy, muscle tremors, and, in

extreme cases, possibly convulsions, may occur.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators, mixers, loaders and persons cleaning application equipment must wear:

long sleeved shirt and long pants,

waterproof gloves,

shoes plus socks.

Follow manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washables, use deter-

gent and hot water. Keep and wash PPE separately from other laundry.

When handlers use closed systems or enclosed cab, in a manner that meets the requirements listed in the Worker

Protection Standard (WPS) or agricultural practices (40 CFR 170.240) §§ 4-6, the handler PPE requirement may be

reduced or modified as specified in the WPS. IMPORTANT: When reduced PPE is worn because a closed system is

being used, handlers must be provided all PPE specified above for application and other handlers, and have such PPE

immediately available for use in an emergency, such as a spill or equipment breakdown. Follow manufacturer’s

instructions for cleaning/maintaining PPE. If no instructions for washables, use detergent and hot water. Keep and

wash PPE separately from other laundry.

User Safety Recommendations

Users should:

• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

• Remove clothing immediately if pesticide gets inside. Then wash body thoroughly and put on clean clothing.

• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as

possible, wash thoroughly and change into clean clothing.

Product of China
ENVIRONMENTAL HAZARDS
This pesticide is toxic to birds, fish, and aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Cover, incorporate or clean up granules that are spilled. Do not apply this product directly to bodies of water such as lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, beaches, or commercial fish ponds. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read entire label before using this product.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. Do not apply to pastures or grazing lands.

AGRICULTURAL USE REQUIREMENTS
Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on the label about personal protective equipment (PPE) notifications to workers and restricted entry intervals. The requirements in this box only apply to soybean uses of this product that are covered by the Worker Protection Standard.

The requirements in this box apply to uses of this product that are not within the scope of the Worker Protection Standard (WPS) for agricultural pesticides (40 CFR part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries or greenhouses.

NON-AGRICULTURAL USE REQUIREMENTS
Always wear protective clothing and use appropriate equipment during application and handling. Avoid contact with grain, dust, or other material. Do not contaminate water, food, or feed storage or disposal.

PESTICIDE STORAGE
Do not store or use this product in areas with awnings or other heat reflecting material. When using this product, use equipment capable of spreading the labeled rate uniformly around in a circle 30 feet in diameter.

California: This product can only be used in the Coachella Valley. Applications can only be made from May 15 to September 1.

STORAGE AND DISPOSAL
Note: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

IN CASE OF SPILL:
1. Stop application and clean up spill immediately. Transfer to a marked container and dispose of wastes on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:
Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary land fill or by incineration or if allowed by State and local authorities, by open burning. If container is burned, stay out of smoke.

FOR USE ON HOME LAWNS, GOLF COURSES, AND COMMERCIAL AND RECREATIONAL TURF, AND SOILFARMS

GENERAL PRECAUTIONS AND INSTRUCTIONS
Always wear protective clothing and use appropriate equipment during application and handling. Avoid contact with grain, dust, or other material. Do not contaminate water, food, or feed storage or disposal.

<td>0.5 - 1.83</td>
<td>BROADCAST APPLICATIONS: Make broadcast applications of this product to turfgrasses to control existing active imported fire ant populations. Apply when ants are actively looking for food. This is typically in the morning or evening. Do not apply Maxforce FC Fire Ant Bait immediately before or after irrigation or rain. Fire ants will begin to die from a proper treatment in about 14 days. Do not reapply for 3-6 weeks. Do not exceed 4 applications per year.</td>
