**Manufacturer**
FMC Corporation
Agricultural Products Group
1735 Market Street
Philadelphia, PA 19103

**Emergency telephone number**
For leak, fire, spill or accident emergencies, call:
1 800 / 424 9300 (CHEMTREC - U.S.A.)
1 703 / 527 3887 (CHEMTREC - Collect - All Other Countries)

General Information:
Medical Emergencies:
(800) 331-3148 (U.S.A. & Canada)
+1 (651) 632-6793 (All Other Countries - Collect)

**Appearance**
Clear, colorless Aerosolized liquid

**Physical state**
aerosol

**Odor**
No information available.

**Potential health effects**

**Acute effects**
- **Eyes**: May cause slight irritation.
- **Skin**: Substance may cause slight skin irritation. May cause sensitization by skin contact.
- **Inhalation**: May cause irritation of respiratory tract. May cause drowsiness and dizziness.
- **Ingestion**: Harmful if swallowed. Potential for aspiration if swallowed. May cause central nervous system depression.

**Chronic effects**
Effects are expected to be similar to those that are seen with acute toxicity. Repeated or prolonged exposure may cause central nervous system effects. Chronic exposure to aromatic hydrocarbons may cause liver and kidney damage.

2. Hazards identification

**Physical state**
aerosol

**Odor**
No information available.

**Potential health effects**

**Acute effects**
- **Eyes**: May cause slight irritation.
- **Skin**: Substance may cause slight skin irritation. May cause sensitization by skin contact.
- **Inhalation**: May cause irritation of respiratory tract. May cause drowsiness and dizziness.
- **Ingestion**: Harmful if swallowed. Potential for aspiration if swallowed. May cause central nervous system depression.

**Chronic effects**
Effects are expected to be similar to those that are seen with acute toxicity. Repeated or prolonged exposure may cause central nervous system effects. Chronic exposure to aromatic hydrocarbons may cause liver and kidney damage.

3. Composition/information on ingredients

**Hazardous ingredients**
4. First aid measures

Eye contact
Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Skin contact
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Inhalation
Move to fresh air. If person is not breathing, call 911 (within the U.S. and Canada) or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Ingestion
Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

Notes to physician
Contains petroleum distillate. Vomiting may cause aspiration pneumonia. This product is a pyrethroid. If large amounts have been ingested, the stomach and intestines should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils, or alcohol may increase absorption and so should be avoided.

5. Fire-fighting measures

Flash Point
Flame extension: 35". Non-flammable per flame projection test.

Sensitivity to Mechanical Impact
not applicable

Sensitivity to Static Discharge
not applicable

NFPA
Health Hazard 0
Flammability 1
Stability 0
Special Hazards -

6. Accidental release measures

Personal precautions
Isolate and post spill area. Remove all sources of ignition. Ventilate the area. Wear suitable protective clothing, gloves and eye/face protection. For personal protection see section 8. If ventilation is not possible wear full protection suit and chemical protective equipment.

Environmental precautions
Keep people and animals away from and upwind of spill/leak. Keep material out of lakes, streams, ponds, and sewer drains.

Methods for cleaning up
Transfer damaged cartridges or cans to containers for later disposal. Clean and neutralize spill area, tools and equipment by washing with bleach water and soap. Waste must be classified and labeled prior to recycling or disposal. Dispose of waste as indicated in Section 13. Rinsate may be disposed at a waste water treatment plant.

Other
For further clean-up instructions call FMC Emergency Hotline number listed in Section 1 "Product and Company Identification" above.
7. Handling and storage

Handling
Do not contaminate other pesticides, fertilizers, water, food or feed by storage or disposal.

Storage
Keep in a dry, cool and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep out of reach of children and animals. Store in original container only.

8. Exposure controls/personal protection

Exposure guidelines

Occupational exposure controls

Engineering measures
Apply technical measures to comply with the occupational exposure limits. When working in confined spaces (tanks, containers, etc.), ensure that there is a supply of air suitable for breathing and wear the recommended equipment.

Personal Protective Equipment

General Information
If the product is used in mixtures, it is recommended that you contact the appropriate protective equipment suppliers. These recommendations apply to the product as supplied.

Respiratory protection
For dust, splash, mist or spray exposures wear a filtering mask.

Eye/face protection
For dust, splash, mist or spray exposure, wear chemical protective goggles or a face-shield

Skin and body protection
Wear suitable protective clothing. Protective shoes or boots.

Hand protection
Protective gloves

Hygiene measures
Clean water should be available for washing in case of eye or skin contamination. Wash skin prior to eating, drinking, chewing gum or using tobacco. Shower or bathe at the end of working. Remove and wash contaminated clothing before re-use. Launder work clothing separately from regular household laundry.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance
Clear, colorless Aerosolized liquid

Color
Clear, colorless

Physical state
aerosol

Odor
No information available.

pH
No information available.
9.2 Other information

10. Stability and reactivity

Stability
Stable.

Conditions to avoid
Excessive heat

Hazardous decomposition products
None known.

Hazardous polymerization
Hazardous polymerization does not occur.

11. Toxicological information

Eye contact
Non-irritating

Skin contact
Slightly or non-irritating (rabbit)

Ingestion
Potential for aspiration if swallowed. Vomiting after ingestion of this product may cause aspiration of aromatic hydrocarbons into the lungs, which may result in fatal pulmonary edema.

Inhalation
Aerosol expected to be irritating based on components. Inhalation of aromatic hydrocarbon vapors may cause dizziness, disturbances in vision, drowsiness, respiratory irritation, and eye, skin and mucous membrane irritation.

LD50 Dermal
> 2000 mg/kg (rat)

LD50 Oral
500 5000 mg/kg (rat)

LC50 Inhalation:
> 2 mg/L (rat)

Sensitization
Sensitizer

Chronic Toxicity - Other Ingredient(s)

Chronic Toxicity
Effects are expected to be similar to those that are seen with acute toxicity. Repeated or prolonged exposure may cause central nervous system effects. Chronic exposure to aromatic hydrocarbons may cause liver and kidney damage.

Carcinogenicity
Not carcinogenic.

Mutagenicity
Not mutagenic.

Reproductive toxicity
No toxicity to reproduction.

Neurological Effects
Neurobehavioral effects (tremors) were observed in studies with animals.

Developmental Toxicity
Not teratogenic in animal studies.
D-Force Insecticide

Chronic Toxicity - Other Ingredient(s)  Chronic exposure to aromatic hydrocarbons may cause headaches, dizziness, loss of sensations or feelings (such as numbness), and liver and kidney damage.

13. Disposal considerations

Waste disposal methods  Improper disposal of excess pesticide, spray mixture, or rinsate is prohibited. If these wastes cannot be disposed of by use according to label instructions, contact appropriate disposal authorities for guidance.

Contaminated packaging  Containers must be disposed of in accordance with local, state and federal regulations. Refer to the product label for container disposal instructions.

14. Transport information

DOT  USDOT is requiring that products formerly classified as "Consumer Commodity, ORM-D" transition to "Limited Quantity" by 1/1/2021. During the transition period the 49CFR carton shipping marks may be Consumer Commodity (old) or Limited Quantity Diamond (new). Please prepare shipping documents to match the carton mark.

15. Regulatory information

U.S. Federal Regulations
SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

SARA 311/312 Hazard Categories
- Acute Health Hazard: yes
- Chronic Health Hazard: yes
- Fire Hazard: no
- Sudden Release of Pressure Hazard: no
- Reactive Hazard: no

CERCLA
This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.
