

Material Safety Data Sheet (M.S.D.S.)

CONTROL ZONE PRODUCTS GLUE BOARDS, wooden board, paper board, plastic board, mouse trap, cockroach trap, cockroach trap 3, cockroach trap 5, insects Δ - trap.

1. PRODUCT – MANUFACTURER IDENTIFICATION:

1.1 Product Identity:

1.1.1 Product Name:

GLUE BOARDS for Electrical Fly Killers,
Wooden board for rats.
Paper board for rodents.
Plastic board for rodents.
Mouse trap for rodents.
Cockroach trap for cockroaches.
Cockroach trap 3 for cockroaches.
Cockroach trap 5 for cockroaches.
Insects Δ - trap, for insects.

1.1.2 Product Form:

Paper, Wooden or Plastic Board with glue adhesive surface and silicone coating.

1.2 Product Use: Insects and Rodents Capture.

1.3 Manufacturer Identity: CONTROL ZONE PRODUCTS LTD.

Units 108 & 206 Pannal Business Park,
Station Road,
Pannal.
HG3 1JL

1.4 Emergency Telephone Number:

For medical advice or information contact your GP or NHS 111 (UK)

2. HAZARDOUS COMPONENTS:

The product has not been established as hazardous. No significant health and safety hazard is expected since all product's components have good health and safety profile.

3. COMPOSITION - INGREDIENTS:

The glue on products' surface contains thermoplastic polymers, resins, oils and antioxidants. No hazardous components or impurities.

4. FIRST AID PROCEDURES:

4.1. Skin Contact:

No First Aid Procedure is required. Remove the adhesive from skin with a mild hydrocarbon solvent or olive oil and then clean skin with soap and water.

4.2. Eye Contact:

Wash immediately with plenty of water. Call a physician if needed.

4.3. Inhalation:

No hazard.

4.4. Swallowing:

Call a physician if swallowing is accidentally made .

5. FIRE FIGHTING PROCEDURES:

Appropriate Fire Fighting Procedures: Use carbon dioxide (CO₂) or dry chemical, alcohol – resistant foam to extinguish fires.

Special Danger: The product is flammable. During combustion might be released: carbon dioxide, carbon monoxide, fume, low molecular weight hydrocarbons.

Special Protective Equipment for firefighters: Wear self – contained, positive pressure breathing apparatus and full firefighting protective clothing.

6. ACCIDENTAL RELEASES PROCEDURES:

It is very unlikely that the product release can cause harmful adverse effects during safe handling and use.

7. HANDLING AND STORAGE:

Handling:

No special handling conditions are required.

Storage:

Store in a dry and clean environment at temperatures not exceeding 30°C.

8. PERSONAL PROTECTION:

No special personal protection when using the products.

9. PHYSICAL & CHEMICAL CHARACTERISTICS:

Form: Solid

Colour: The adhesive glue is transparent.

Odor: None

10. STABILITY AND REACTIVITY:

Stability: The product is stable.

Conditions to Avoid: Sources of heat, flame, sparks, humidity.

Materials to Avoid: Water, oxidizing agents.

Hazardous Decomposition Products: Combustion or thermal decomposition creates toxic and irritating fumes.

11. TOXICOLOGICAL PROFILE:

Acute Toxicity: LD₅₀ oral: Non-toxic.

LD₅₀ dermal: Non-toxic.

LD₅₀ inhalation: Non-toxic.

Irritation: Non - irritant.

Awareness: No problems during inhalation.

12. ECOLOGICAL PROFILE:

It is very unlikely that the product is dangerous for the environment.

13. WASTE DISPOSAL:

General Information: For disposal and destruction of the product, local and national regulations should be followed.

14. CARRIAGE:

This product is not classified as hazardous for carriage.

15. REGULATORY INFORMATION:

Symbols: None

Danger Phrases: None

Precautionary Phrases: None

16. NOTICE:

Inappropriate application might cause product degradation.

If necessary, contact the technical department for advice.

The information above is consistent with the available data. The user has to consult any existing local regulations or conditions relating to the handling of the product.
